

Hires at the Gate Theatre.

The Gate Theatre is available for external hires around our artistic programme. We think our space is ideal for rehearsals, readings, workshops, meetings, presentations, away days, school events, private performances, training days and auditions. If what you have in mind isn't on this list, get in touch as we are always open to further suggestions.

Please note that for artistic proposals including public performances, this will be passed to our programming team for consideration and must sit within our artistic mission.

Seating configurations are incredibly flexible here at the Gate, but may be subject to how the seating configuration is defined by the current scheduled show.
